

Electric and energy devices
Measuring and regulating technology

Technology of energy distribution networks

■ Busbar system

- Cable trunking system
(Cable tray system, Covers, Dividers)
- Wire mesh cable tray
- Ceiling, underfloor and beam clamps mounting
- Wall brackets

- Wiring materials and accessories
- Modular instruments
(Circuit breakers, Contactors, Relay)
- Low voltage switches, Cam switches
- Wiring devices (design switches)

- Socket boxes with accesories
(Circuit breakers and Residual current devices)
- Switchboard cabinets
- Air conditioning ventilation and accessories
for electric enclosures

- Cables
- Wiring pipes and protection ducts
- Sealing solutions
(Flexible cable and Pipe seals)

LAPP KABEL

- Lightning conductors
- Surge protection devices
- Earthing materials

- Surge protection power supply

- Lighting
- LED Lighting
(Tubes, Amplifiers, Modules and Strips,
Displays, Floodlights)
- LED Drivers and Controllers
- Profiles and accessories

Components for producer of distribution panels

Process automation and measurement

- Analogue panel meters
- Digital panel meters
- Shunts

- Signaling solution
(Acoustic and Indicator lights)
- Visual signaling equipment (Beacons)
- Visual - Audible signaling equipment
- Signal towers

- Insulation monitoring
- Equipment for insulation fault location
- Measuring and monitoring relays
- Residual current monitoring

- Multifunctional devices
(Multi-function meters and Network analysers)
- Electronic energy meters

■ Low voltage and Current transformers

■ Medium measuring voltage and Current transformers

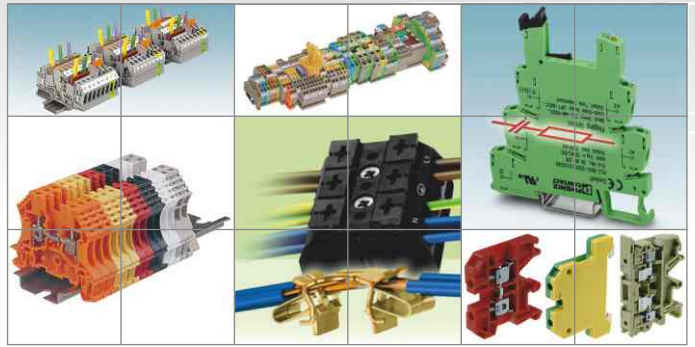

■ Transducers (Multi functional transducer, Current / Voltage, Electric power transducers)

■ Wiring duct and components

- Pluggable tension-spring connection system (Terminal block)

CONTACTCLIP

WAGO

PHENIX CONTACT

Weidmüller

- Power supplies
- Toroidal power transformers (PCB Mounting)

ELSIM

Rawet

MW MEAN WELL JDC

NEW

PULS

Schneider Electric

PHENIX CONTACT

- Voltage regulator / Transformer-Monitoring

a-eberle

- Power transformers

ZUCCHINI

RITZ
Instrument Transformers

- Large format displays
- Panel mount displays

- Videographic recorders

- Optoelectronic encoders
(Incremental and Absolute encoders)
- Magnetic encoders
(Incremental and Absolute encoders)
- Measuring gauges encoders
- Water level indicators

- Portable measuring devices
- Laboratory power supplies

ROTEX ELEKTRO s.r.o.

SNP 77, 916 01 Stará Turá, Slovakia

Tel.: +421 32 776 2786, Fax: +421 32 776 4895

email: rotex@rotex.sk, www.rotex.sk
